JOSIAH TURNER, Jr., EDITOR.

THE WIFE.

Here is the most sublime and beautifully expressed sentiment on woman every penned. It is deserving of perusal by every husband, father and brother, that they might learn to fully appreciate woman as she should be. Yes, the name of woman should be spoken in gentle accents, lest the waves of adversity wash from her heart the last vestige of happiness while here on earth traveling through this "vale of tears;" deal gently with her, and give no cause for dark clouds of Trouble to flap the cloud-some wings of Discontent in her face:

"Only let a woman be sure she is precious to her husband—not useful, not valuable, not convenient, simply, but lovely, and beloved; let her be the recipient of his hearty attention; let her feel that her cares and love are noticed, appreciated and returned; let her opinion be asked, her approval sought, and her judgment respected in matters of which she is cognizant; in short let her only be beloved, honored and cherished in the fulfilment of her marriage vow, and she will be to her husband, her children and society, a well-spring of happiness. She will bear pain, toil and anxiety, for her husband's love to her is a tower and a fortress. Shielded and sheltered thereby, adversity will have lost its sting. She may suffer, but sympathy will dull the edge of sorrow. A home with love in it—and by love I mean love expressed by words and looks and deeds, for I have not one spark of faith in love that never erupts out, is to a home without love as a person to a machine, one is life, the other is mechanism—the beloved woman may have bread just as light, a house just as tidy as the other, but the latter has springs of beauty about her, a joyousness, a penetrating kindness to which the former is an entire stranger. The deep happiness of her heart shines out in her face. She gleams all over. It is airy and graceful, and warm and welcoming with her presence, she is full of devices and plots, and sweet surprises for husband and family. She has never done with the poetry and romance of life. She herself is a lyric poem, setting herself to all pure and graceful melodies. Humble household ways and duties have for her a golden significance. The prize makes her calling high; and thus sanctifies the means. 'Love is Heaven, Heaven is love.'"

A BEAUTIFUL EXTRACT.—I saw a temple reared by the hands of men, standing with its high pinnacles in the distant plain. The sunbeam beat upon it—the God of nature hurled his thunder bolts against it—and yet it stood as adamant. Revelry was it its hall—the gay was there. I returned, and the temple was no more—its high walls lay in scattered ruins, moss and wild grass grew wildly there, and at the midnight hour the owl's cry succeeded the young and gay who reveled there, and had passed away.

I saw the child rejoicing in its youth—the idol of his father; I returned and the child had become old. Trembling with the weight of years, he bore on the last of his generation—a stranger amid desolation all around him.

I saw the oak stand in all its pride on the mountain—the birds were carolling on its bought. I returned; the oak was leafless and naptess—the winds were playing at their pastimes though the branches.

"Woe is the destroyer!" said I to my guardian angel.

"It is Time," said he "when the morning stars sang together, with joy over the new made world, he commenced his course, and when he shall have destroyed all that is beautiful on earth, plucked the sun from its sphere—reeled the moon in blood—yea, when he shall have rolled the earth and heavens away like a scroll, then shall an angel from the throne of God come forth, and with one foot on the sea and one on the land, lift up his hand toward Heaven and Heaven's Kronal, and say—'Time is, time was, but time shall be no longer.'"

WORK AND WIN.—Whatever you try to do in life, try with all your heart to do well; whatever you devote yourself to, devote yourself completely; in that aim and end, be thoroughly in earnest.—Never believe it possible that any natural or improved ability can claim immunity from the companionship of the steady, plain, hardworking qualities and home begets its end. There is no such thing as fulfilment on this earth. Some happy talent and some fortunate opportunity may form the two sides of the shield on which your fame is made, but the bounds of the shield must be made of stuff to stand wear and tear, and there is no substitute for thorough, honest, earnest, and sincere endeavor. Never put one hand to anything on which you cannot thank your whole self, never affect dispatch in your work, whatever it is. These you will find to be golden rules.

BE KIND TO EVERYBODY.—Sitting one day in a cabin car, I overheard a conversation between a child and a brother. The little boy complained of trouble or wrongs received from another little boy. His little face was flushed with anger. His sister listened for a while, and then, turning away, she answered: "I don't want to hear ab out such. Willie has no mother." The brother's face was silent, the rebuke came home to him, and stealing away, he muttered: "I never thought of that." He thought of his own mother, and the heartwound "Willie" compared with his own happy lot. "He has no mother." Do we think of it when we minister to the orphan, and make sunlight around him? Has the watcher a mother to listen to his little wrongs? Speak gently to little ones.—Sunday School Visitor.

An old woman gives the following valuable advice: "Tend looking forward to enjoyment don't pay. From what I know of it, I would as soon chase butterflies for a living, or hunt up moonbeams for a cloudy night. The only way to be happy is to make the creeps of happiness on God gives us as they come along, day of our lives. The boy must learn to be happy while he is earning his trade; the merchant while he is making his fortune. If he has to learn this art, he will be sure to miss his enjoyment when he has gained what he has sought for."

BIBLE.—God's word is the God's world—Varied, very rich, very beautiful. You never know when you have exhausted all its sources. The Book, like nature, has something for every class of mind. Look at the Bible in a new light and straightway you see some new charms.

Notice! Notice! Notice! Notice!

HAVING seen by the Standard and REVIEW of 5th, that the Yarborough House is mentioned as the only first class Hotel, we wish to call the attention of the traveling public to two or three facts:

It is well known that the National Hotel is new and was furnished by J. M. Blair, (who gave us this notice extraordinary of the Yarborough House,) regardless of expense, only this past Fall, but it was done when he stepped out of the Proprietor and retain this as he expressed it, for his first class boarders, and send his second class to the Yarborough. The trouble was he had to go there himself.

To do justice to the owners of this property, my customers and myself, I will say that let the gentry simply give the House a trial, and they will say no other, cleaner, better kept house can be found in the South or North.

This land has a fair proportion of wood and cleared land, is fertile, and yields the staple products of this section. To suit purchasers, it may be sold in one or more parcels.

HAVING PURCHASED THE STOCK AND fixtures of W. A. Mohegan, Tobacconist, I propose to continue it in its various departments at the old stand, and would be pleased to see the former patrons of Mr. Mohegan together with my friends and acquaintances and I promise to furnish them with the best smoke or chew that can be procured in the City.

I am agent for Mohegan's celebrated brand of the Banker's Segar which beat the world for cheapness and fine flavor and can be procured no where else in the State, than from myself. Mine is the only establishment in North Carolina that you can procure the celebrated brands of Gravely chewing tobacco. Being confined exclusively to the segar and tobacco business, enables me to offer more superior goods and at lower prices than can be had elsewhere in Raleigh, small dealers will find it to their interest to call and examine my stock as I can beat the State in prices and in a line of goods suitable to the wants of their customers.

NON-EXPLOSIVE COMBINATION BURNING FLUID

THE CHEAPEST, BEST AND SAFEST ILLUMINATING AGENT IN THE WORLD!!

No more Exploded Cans!—No more Exploded Lamps!

No more Smoke!—No more Grease!

No more Fires!!

EVERYBODY PREFERS IT AFTER GIVING IT A TRIAL!

Protected by Copy right for 28 years from May 9th, 1868.

The above Fluid has been in constant use for upwards of three years, and has obtained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in recommending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agents. Its cheapness added to its other good qualities, should secure its introduction into every family in the country, where Kerosene Oil is used.

MORE DEPRAVITY.

Every man who knows Governor Holden, knows of his political depravity. His teaching secession for twenty years; his publishing, with commendation and approval, Gen. Clingman's letter in 1856, proposing war if Freemont should be elected, also a letter proposing vigilance committees to visit the houses of Union men and silence or drive them in the revolution; his signing the ordinance of secession and glorying over it as the noblest act of his life; his speech before the Federals when the Capital fell, telling them that, "though the bells rung and the cannon spoke out on the occasion, many of us signed the ordinance with aching hearts;" his calling Edward Everett one of the three most "elegant devils out of hell;" his asking "who would plot for the head of Abe Lincoln," full three years before Booth took it off—these things establish the fact of his political depravity beyond cavil or doubt.

Now, so much political depravity could not exist without some moral depravity.—His making Gen. Littlefield the bearer of dispatches from the Executive of North Carolina to the President of the United States, calling for troops to put down an insurrection where none existed, savours of moral depravity.

Holden knew Littlefield was presented by the Grand Jury of Wake for attempts to bribe members of the Legislature with whisky and money; he knew, from the public journals, that he was presented by a Grand Jury in Florida for a similar crime; he knew he had to shoot money for lobbying bills through the Legislature and still, knowing these and the many other things of Littlefield, as to fit him to make him the bearer of his messages and dispatches, we repeat, savors of moral depravity.

CAPITOL OF THE NATION,
March 1870.

To his Excellency Governor Holden, of exalted dignity and generosity, whom God preserve!

The wealth and welfare of your servant is entirely owing to your favor and magnanimity.

I arrived here the day after taking leave of your Excellency. The first thing I did was to have an interview with Hon. John Pool and J. C. Abbott; men of exalted dignity and elevated views. I then sought, indirectly of course, the agent of the associated press, who telegraphed throughout the Empire that General Littlefield had arrived, bearing dispatches from Governor Holden to President Grant, calling for troops to put down an insurrection in that old insurrectionary county of Alamance.

With our two Senator. I called on the President and laid the matter before him. He doubted, argued, and finally yielded, without being convinced, that troops could do any good. Render your thanks to the exalted dignitaries, Pool and Abbott, for, without their aid, my mission would have failed; as it is, look out; you will soon see the 'big troops and plumed wars" who will serve to keep *Rebellious Democrats* in awe. I hope they may stop. If only for an hour, in your city; the sight of them may tend to repress the violence of the SENTINEL.

It is a pity you called for troops so long before the election; the awe inspired by their first appearance will wear off before the election in August, and if it does Shoffner and Welker will both be beaten.

Your dispatches, and, above all, your gracious letter borne by me to the President exalted me. I am unspeakably impressed with the honor conferred, and the service rendered. My business associations in the South with certain men of doubtful character, such as Governor Reed, of Florida, John T. Deweese, the disgraced member of Congress, for whom we both voted, "James Smith" and Gen. Laflin, had caused some in the National Capitol, I fear, to look upon me with suspicion. I cared nothing for being presented by the Grand Juries of Wake and Florida, for their malice is ignored here as soon as I say it was the work of rebels who hate the government and the Union.

Making me the bearer of your dispatches after all this suspicion on my character was the fifth best service your Excellency ever did me. The first and best was, allowing all the Railroad bills to pass, by which $28,000,000 of bonds were put upon the market, controled by a dozen different Presidents; the second was, making me State Printer and binder after the Grand Jury of Wake had presented me; the third was, approving the sale of the North Carolina Railroad bonds at 65, when they were worth 95 or par; the fourth was approving the purchase of 8,000 acres for a Penitentiary; the fifth was, graciously allowing me, without remonstrance or complaint, to keep my Restaurant and refreshment saloon in the Capitol, when you had refused the Capitol Square to the ladies of the Memorial Association.

Make my compliments to Moore and Mosely, and such other members as you know manifested proper regard for my private rights and interests in the late investigation. Congratulate Moore especially upon his election as Speaker. Also thank General Clingman for his address; it will help us in the August election. Tell him not to take part in our Convention in May; he must not appear to belong to the party. His address should have been, not to the people of North Carolina, but to the *Democrats* of North Carolina, just as Judge Pearson's address was to the Conservatives. But he showed the cloven foot by having it published in the *Standard*. If I had been in Raleigh, Nichols and Gorman should have printed the General's address. And now, for the present, adieu. I cherish hopes from your generosity that, considering me in the light of your servant and friend, you will always continue to exalt and honor me by your confidence and messages to the President. May the sun of your exalted dignity, purity and prosperity continue to shine, is the prayer of your servant and friend,

LITTLEFIELD.

The Legislature of North Carolina.

SENATE.

SATURDAY, March 18, 1870.

The Senate was called to order at ten o'clock.

FROM THE HOUSE.

Bill to raise revenue, was ordered to be printed and made the special order for Tuesday next at eleven o'clock.

Mr. Burns moved to reconsider the vote by which the bill to provide for the completion of the Western Division of the Western North Carolina Railroad passed, and moved to postpone the consideration of that motion until Monday at half past ten o'clock, which prevailed.

THIRD READING OF BILLS.

Bill to authorize the Commissioners of Union county to levy a special tax, passed.

Bill to extend the time for perfecting entries in the county of Jackson, failed to pass for the want of a quorum.

Bill to incorporate Foy's Mathematical and Classical High School, passed.

Bill to incorporate the Excelsior Planting Company, passed.

Bill to authorize H. B. Hayes, M. McWilliams and Willis Moss, to remove the old church building from the Baptist square, passed.

Bill to incorporate Cowlesville Lodge No. 278 passed.

Bill to authorize the constable of the town of Wilson to collect arrears of taxes, passed.

Bill to incorporate the North Carolina Masonic Temple Association, passed.

Bill to incorporate the Cape Fear Building Association was amended on motion of Mr. Bragg so by inserting the name of A. H. Galloway, col., as one of the incorporators and passed.

Bill to incorporate the Tarboro Gas Light Company, passed.

Bill to incorporate the Wilmington Building Association, passed.

Bill to amend the charter of the town of Salem, passed.

Bill to authorize J. A. Taylor, to construct a toll bridge across Brunswick River, passed.

Bill to extend the corporate limits of the town of Elizabeth City, passed.

Bill concerning townships in the county of Cumberland, passed.

Bill to amend an act to enable the city of of Raleigh to borrow money, proposes to increase the sum to the extent of *one hundred thousand dollars* to be levied in the same way and applied for like purposes including the establishment of Water Works and the paving or Macadamizing the streets.

Mr. Graham said he thought this bill should not pass. The people of Raleigh were already taxed as heavily as they could well get along with. He did not believe the *tax payers* of the city desired the passage of the bill, and as an evidence of that fact, the Senator from Wake would not take the responsibility of introducing it, and it was introduced by the Senator from Beaufort, Mr. Respass. Mr. G. said it was made the duty of the Legislature to restrict the powers of taxation of corporations in article 8, section 4 of the Constitution which reads as follows: "It shall be the duty of the Legislature to provide for the organization of cities, towns and incorporated villages, and to *restrict their power of taxation*, assessments, *borrowing money*, contracting debts, and loaning their credit, so as to prevent abuses in assessments and in contracting debts by such municipal corporation," and he moved that the bill be indefinitely postponed.

Messrs. Welker, Bellamy and Lassiter spoke in opposition to the bill and favored the motion to postpone, on the ground that they had been requested to use their influence against the bill by influential gentlemen, composed of both parties, and who resided and owned property in the city, besides they were of the opinion that the tax at the present time were heavy enough.

Mr. Brogden urged the passage of the bill. He could not see why Senators from other sections of the State should see proper to interfere with the wishes of this people, he was informed that the citizens of Raleigh desired the passage of the bill, and if they desire to improve the appearance of the Capital of the State, he thought they should be allowed to do so, especially when they propose to do it at their own expense, he hoped at any rate that they would not be refused the same privilege that has heretofore been granted to Wilmington, to furnish themselves with a liberal supply of water, which is the principal object of this measure, he hoped the proposition to postpone would be voted down.

Mr. Jones of Wake, said he could not see how any reasonable objection can be raised to the bill, as it contains a clause submitting the proposition to the qualified voters of the city. He hoped the motion to indefinitely postpone would not prevail, and that the bill would be allowed to pass without further opposition.

The motion of Mr. Graham to indefinitely postpone the bill prevailed by the following vote:

YEAS—Messrs. Barnes, Beall, Boeman, Bellamy, Burns, Forkner, Graham, Harrington, Jones of Mecklenburg, Lassiter, Legg, Lindsay, Long, Love, Mason, Melchor, Murphy, Stephens, Sweet, Welker, White, Whiteside and Wilson—23.

NAYS—Messrs. Beasley, Brogden, Blythe, Colgrove, Cook, Eppes (col.) Hayes and *Jones of Wake*—8.

On motion the Senate adjourned.

HOUSE OF REPRESENTATIVES.

SATURDAY, March 19, 1870.

The House was called to order at half past 9 o'clock.

Leave of absence was granted to Mr. Long of Chatham.

RESOLUTIONS AND BILLS.

By Mr. Malone: A joint resolution in favor of J. H. Alford.

Mr. Welch said in order to keep a quorum present during the last days of the session of the House. We offered the following resolution:

Resolved, That the Speaker be requested not to sign any certificate for *per diem* for any member of this House for any time after this week until the 26th inst., except in cases of sickness. Lies over.

Mr. McMillan arose to a question of privilege. He saw an extract in the "Daily *Sentinel*" from the N. Y. *Herald's* Washington correspondence, which places the county of Duplin among those in a disturbed condition. As a citizen and Representative of that county, denied most emphatically the statement. There had been no acts of lawlessness or violence committed in the county, and these statements were made by a nestle of negroes and detectives, paid out of the hard earned money of the people—men who were ashamed to be seen in the day, but have stealthily drawn their ill gotten wages *through Representatives on this floor.*

He would further state without fear of contradiction, that every citizen of whatever party, race or color can freely express his political opinion, and to the best of his knowledge there was now profound quiet and peace throughout the county.

On motion of Mr. Hodgin, the bill prohibiting the sale of liquor within three miles of the Guilford Mine, was taken up and passed its several.

On motion of J. W. Leary, col., the bill to amend the act to charter the Bank of Cumberland, was taken up and passed its several readings.

Mr. Welch moved to suspend the rules and take up his resolution in reference to the signing of certificates for *per diem* of members.

The yeas and nays being called the motion to suspend the rules was adopted by a vote of yeas 52 nays 9.

Mr. Ames offered a substitute that the Speaker be requested not to sign any certificate for *per diem* of members, beyond the time they have served until Friday next.

Mr. Forbes moved to lay the whole matter on the table. Lost, yeas 19, nays 45.

Mr. Mendenhall moved to amend, Mr. Welch's resolution as follows:

Resolved further, That the Speaker sign no certificate of any member for the last week of this session who is absent without leave.

The yeas and nays being called Mr. Mendenhall's amendment was adopted by a vote of yeas 60, nays 8.

Mr. Ames' substitute was put to a vote and rejected.

Mr. Welch's resolution as amended was put a vote and adopted.

On motion of Mr. Farrow, the bill regulating pilotage at Hatteras and Ocracoke was taken up and passed.

By Harris, of Wake, col: A bill to amend the law of divorce and alimony. Lies over.

On motion of G. W. Price, col., the bill to amend the act establishing special Courts in the cities of Wilmington and Newbern, was taken up and amended.

Mr. McMillan moved to lay the whole matter on the table. Carried, yeas 56, nays 4.

On motion of J. W. Leary, col., the bill to incorporate the Tomotla Iron Company, was taken up and passed its several readings.

On motion of Mr. Snipes, the bill to authorize the Commissioners of Hertford to issue county orders, was taken up and passed its third reading, yeas 54, nays 8.

A message was received from the Governor transmitting a communication from the Treasurer in reference to Revenue matters.

On motion of Mr. Bowman, the communication was ordered to be transmitted to the Senate with a proposition to print.

On motion of Mr. Bowman, the bill to incorporate the town of Bakersville in the county of Mitchell, was taken up and passed its several readings.

By Mr. Justus: A bill for the relief of land holders and laborers. Referred.

On motion of Mr. Mendenhall, the bill to incorporate the Stuth Copper Mine, was taken up and passed its several readings.

On motion of Mr. Candler, the bill to exempt citizens of Buncombe, Henderson and Madison counties from paying toll on the Buncombe Turnpike Road, within the limits of their respective counties, was taken up and passed its several readings.

On motion of Mr. Vest, the bill to authorize the Commissioners of Bertie to levy a special tax, was taken up and passed its third reading. Yeas 45, nays 22

On motion of Mr. Painter, the bill in relation to Indian affairs, was taken up and passed its several readings.

On motion of Mr. Long of Richmond the bill to authorize the Commissioners of Richmond County to levy a special tax, was taken up and passed its third reading, yeas 43 nays 16.

On motion of Mr. Bowman, the rules were suspended and passed its several readings.

On motion of Mr. Durham, the bill incorporating the North Carolina Fertilizing Company, was taken up and passed its several readings.

Harris of Wake, col. moved to suspend the rules, in order to take the bill making wilful abandonment for more than two years a sufficient cause for divorce, from the table. Carried.

On motion of Mr. Kelly of Davie, the bill to confirm the election of municipal authorities of the town of Mocksville, was taken up and passed its several readings.

On motion of Mr. Robinson, the bill to lay off and establish the County of Swain, was taken up.

Mr. Robinson took the floor in advocacy of the bill.

Messrs. Hodgin and Leary, col. opposed it.

Messrs. Justice and Vest, favored the bill.

Mr. Painter moved to amend by providing that the portion of the citizens of Jackson stricken from the County, shall not be released from their portion of the standing debt, contracted for public buildings or otherwise before the passage of this act.—Lost.

Mr. Painter moved to amend by providing that the proposition of the new county shall be submitted to the qualified voters of the portions of those Counties proposed to be erected into a new County, on the election in Aug. 1870. Lost.

Pending any definite action the House adjourned.

NORTH CAROLINA UNIVERSITY.

CALAMITY.

Few things add more of bitterness to our distresses, when we find ourselves particularly low down in this world, than this, namely, to see other people who, neither by their birth nor by their deservings, have any right to take precedence of us, flourishing to the top of their bent, and especially making vast strides in those very departments where unmerited disaster has most completely overwhelmed ourselves.

In all that has befallen North Carolina in the last half dozen years, in all the multiplied reverses, humiliations and losses to which she has been subjected, the most serious and far reaching calamity is the prostration of her means of education—the paralyzing of her system of common schools, and the abandonment of her University. For these things concerns posterity, and a fatal blow struck at the education and cultivation of our children, must throw us in the rear-rank of the States, and put a drag on our wheels that will be felt a generation hence.

AGGRAVATIONS AND EXASPERATIONS.

Now if there be one feature more striking than another on a cursory review of Northern work and Northern tendencies, at this present day, it is the universal desire we see manifested there for the highest culture, for the best methods and the best results, and the universal determination to secure them at whatever price, for their rising generation. The old Colleges and Universities whose reputation for steadiness and conservatism are best deserved, are busy testing the great modern experiments in education with a degree of energy, enterprise and boldness which no Institutions can hope to surpass. Harvard, (with 91 Instructors) Yale, Princeton, and the great Cornell University at Ithaca, are counting their students by hundreds and thousands, guiding them to wider arenas and higher ranges than ever before, collecting for their benefit with unsparing munificence all the treasures of Art and Science, inviting to their Lecture Halls the genius and learning of other and older countries, omitting nothing that the most generous anxiety, and experience and wisdom backed by splendid munificence, can suggest to give the most consummate mental training the age can demand.

THE CUP RUNS OVER.

All this is hard enough for us to bear as we sit in the dust, crippled, kicked and spit upon,—but when we come to hear of Michigan University—*Michigan!* which was a howling wilderness and stamping ground for Indians fifty years after North Carolina stepped in the van of the old Thirteen,—to find young Michigan (to say nothing of Kansas, and Iowa, and Wisconsin,) with a tip-top University of more than a thousand students, is the drop too much.

They are casting about for a new President, and have the arrogance to set up a high standard, and to talk thus of their demands:

"The President of Michigan University must be a man of large general culture, personally acquainted with the best methods of education at home and abroad, of ready graceful speech, courteous in manner, frank and fearless, a good judge of character and with a will and determination to be the real head of a great Institution. Above all he should be liberal and broad in his views and in sympathy with the spirit of the Age. No narrow policy which would cramp this State Institution in any sense, or would hinder the freest investigation of all subjects by the young men will keep the popularity which it has gained."

SPITE.

When we read that, we laid the Journal down;—we thought of many things past and present;—we felt an intense ill will towards Michigan;—but chiefly we thought that if it were only possible to get the little man who occupies a proud preeminence at Chapel Hill, and who represents Gov. Holden's idea of what the President of a great University should be,—if we could only get him shipped off to be the Head of Michigan University, then would our spite against Michigan be appeased at once and forever.

WHO SHALL DECIDE.

But what is a University?

Messrs. Ashley and Pool have laid their heads together with Mr. Brewer's assistance have pronounced a University to be "an assemblage of colleges." Doctors differ.—Sir Wm. Hamilton who is popularly supposed to have known a thing or two in regard to culture and its methods, tells us, "Time was when the colleges did not exist, and the University was there, and were the colleges abolished the University would remain entire. * * * Universities and colleges are neither identical, nor vicarious of each other. * * * Colleges are unessential accessories to a University." If Messrs. Ashley and Pool be right then was Jefferson wrong in his idea of constituting the University of Virginia. And the men who have reorganized the college of South Carolina as a University,—such men as Barnwell and Rivers and the Lecontes, are wrong.

The plain fact is, that a University and a College are the same as to the things taught, and as to granting a Diploma for a prescribed course of studies successfully pursued. They differ in that, a University knows nothing of divisions into classes, or years. Each Professor is king in his own department, responsible to the Trustees or visitors, only teaching what books and in what manner he prefers. The times of instruction are so arranged in a University that a student can *within certain limits* study what and when he pleases, and for as many years. At the University of Virginia, A. B. belongs to each school; to each Professor A. M. is for seven A. B's, and a strict examination. The University (as a whole) grants only A. M.

Messrs. Ashley and Pool have furnished the world with their ideas in full, in the notable plan appended to their "report." Very, very few people of intelligence have taken sufficient interest in anything bearing Mr. Ashley's imprimatur to examine or comment upon this vast and windy excrescence of his imagination in regard to a University. If, however, any thing could avail to impress on the minds of men a deeper conviction than they already possess of his and his associates' unfitness for the places they occupy, it would be a careful examination of this thing.

A CURIOSITY.

It is to have 8 colleges and a Department. The colleges are not to be sub-divided into colleges, but the department is to be made up of 5 departments and is called "colored." Of the colleges, one is Normal, and has a most unique constitution. Like the colored department it is made up of departments, having no fewer than 9. Is there any color in this? In 5 of the 8 colleges there are to be 49 schools. But they are not different schools, for of these, there are only 18, and the colleges are thus only different combinations of these schools, made to warrant different diplomas. They are humbugs, and nothing else. They remind us of the old Greek tragedy, where were only three or four actors, although a great variety of characters. By these 5 colleges 12 diplomas are offered, so that at any time a contract to furnish them by the dozen can be made. If according to this new and brilliant order, a college is an assemblage of schools, and each college has its own pair of diplomas, what a waste of material is here! Thirteen schools might furnish at least 9,000 colleges and 18,002 diplomas. Eighteen thousand to tickle the students with and two left over for the future D. Ds. and LL. Ds.

There is certainly some appearance of modesty in proposing to organize only two of these colleges at present. But then these two require twelve schools, so that nearly all of the 9,000 colleges might be organized and operated by Mr. Pool and his accomplished colleagues, three of whom are known as teachers of negroes, and of an ordinary grade at that.

As a structure this University of Messrs. Ashley and Pool, with its colleges, schools, and departments, reminds us of a bridge that cannot bear its own weight,—of an engine whose friction alone will exhaust its force. We have great comfort in the fatuity, ignorance and arrogance which it displays. "There are no drowning marks on these fellows."

The machinery of the University "*as it was*," was of the simplest kind. The power applied to it was almost wholly used in producing "Work." Now it has come to pass that half as many men with not half the ability, assumed to grant twice as many diplomas (*if they can get the students*). We feel fully warranted in saying they will not be worth one-eighth of those dispensed by Dr. Caldwell and Governor Swain.

NORTH CAROLINA'S LUCK.

All that the people of North Carolina have ever asked in regard to their once famous and honored University, is fair treatment, and intelligent management. Had it been properly and ably officered no change in the political rulers of the State would have affected its prosperity. The University of Virginia while the State was entirely under Radical rule was as prosperous as before the war. In South Carolina though negroes have been made Trustees, not a single member of the old Faculty has been removed, and when vacancies have occurred they have not been filled so as to insult or affront the intelligence and respectability of the State. At least one of the ejected Professors of Chapel Hill would have been welcomed there. How is it that patient honest old North Carolina has been so abused?

RIGHTEOUS VERDICT.

The whole of this report of Messrs. Ashley, Pool & Co. shows conclusively that the universal instinctive judgment of North Carolina that the present rulers and officials of the University, are utterly incompetent to their work was well founded. This is now the middle of the third session since Mr. Pool "assumed the god," and climbed up into Gov. Swain's chair. There are just about a dozen boys in the University from on side of Chapel Hill, and several of these are preparing to leave. Not six of all, day scholars and all, were competent to enter any college in the *Freshman class*. Prof. McIver is actually teaching "*Subtraction of Denominate numbers*," in the University of North Carolina; Mr. Ashley's brother-in-law is teaching his class how to parse the "Paradise Lost." We asked one of his scholars who came to beg us for a copy to "parse out of" what a muse was? "*I don't know*," he replied, *if it aint a angel*."

There were faithful and eminent teachers in North Carolina before a negro philanthropist ever dropped his carpet-bag at her doors. These teachers are yet at work in the admirable private schools of our State, sole hope of our rising generation of of boys, and not one of them has yet given in his allegiance to the right of such men as Pool & Co. to succeed Gov. Swain, Dr. Phillips, Dr. Mitchell or Dr. Hubbard. If the Faculty had every qualification and every virtue, could the Institution succeed with the feeders cut off?

A CHEERING PROSPECT.

If the Legislature of North Carolina is to do anything at all worth doing before its adjournment and final retirement into private life, it will set on foot some practicable plan to revive the common school system of the State. Our people would bear taxation for such a purpose with a much better grace than for fabulous Railroads, or even for an actual Penitentiary.—Though we are in favor of supporting the Penitentiary, too. It would be an admirable retreat for the Faculty and Executive Committee of the Board of Trustees of the University, after their farce is finally hissed off the stage of action, and the doors of that unfortunate Institution are "closed for repairs."

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Lesesne, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer.

THE SENTINEL.

CITY AND STATE ITEMS.

MONDAY, MARCH 21, 1870.

Mr. Chas. B. Hamlet, no Business Clerk, is authorized to pass receipts and give receipts, &c., &c.

FISH.—Mr. James Lewis will have a quantity of nice fresh shad this (Monday) morning, at his stand at Mr. Weathers' store opposite the Post Office, which he says he will sell at low cash prices.

CONCORD B. AND L. ASSOCIATION.—This Association has fully organized and fully gone to work. At the regular monthly meeting on Friday night, 8 shares were rede med—4 at 125 and 4 at 118. The Company thus starts under encouraging prospects and will, no doubt, have a run of profit and usefulness to all connected with it.

THE EXHIBITION.—A pleasant evening was spent by the visitors to the Chapel of the Institution for the Deaf and Dumb and the Blind on Friday evening last. Every seat was filled and eve y occupant enjoyed the entertainment hugely.

The songs were well sung, and the pantomimes performed to the life. The song, "The Sweetest of them all" by little Charlie Jackson of Gaston county, and the vocal solo, *Ernani*, by Miss Narcissus Dupre, were received with unbounded applause, also a vocal comic duet "The Disobedient Chicken," by two little boys, was first rate. The pantomime of "The Four Lovers," was as well represented as pantomime ever was.

Another exhibition was announced for Saturday night, of which we cannot speak particularly, as our paper goes to press before its close.

STOP HIM.—We hope some of the friends of that erratic youth "Tommie," will use their influence with him to prevent his going on some contemplated trip that it is feared will prove deleterious either to his health or morals, or both. Our whole community seems to participate in the great anxiety of his aged "parients" in regard to his intended visit for we hear, from "early morn to dewy eve," in private walks and crowded thoroughfares, the pathetic cry to the persistent youth, not to go. There is such a manifest general anxiety on the subject that we feel inclined to ask the interposition of the police.

CURIOSITIES—NATURAL AND ARTIFICIAL.—On exhibition at D. C Murray's old stand, on Fayetteville street, is a woman born without hands or arms, who writes, knits, sews and does more ingenious things with her toes than most people can do with a full complement of digits; also, a Bohemian Glass blower, an artificial curiosity, or rather manufacturer of artificial curiosities, that are worth going to see.

THE OATES OPERATIC AND BURLESQUE TROUPE have been electrifying the Wilmingtonians for a week past, and are spoken of by the papers of that city in more eulogistic terms than almost any Company that have entertained them "in a coon's age." Mrs. Oates, the leading personage of the troupe, and after whom it takes its name is spoken of by the *Journal* as "the vivacious, brilliant and bewitching," and as taking all hearts when she appears "in all the radiance of her charms and beauty of apparel." The other members of the Company are represented as filling their parts, not only to the satisfaction, but admiration of the packed audiences that greeted them on every evening.

They will appear at Tucker Hall to night in "The field of the Cloth of Gold," and other burlesques, and to morrow night in the "Forty Thieves."

Our exchanges from every direction give glowing accounts of the usual anniversary celebration of Saint Patrick's Day, by the sons of the Emerald Isle, in the various localities where there were a sufficient number of them to make a showing.

DROWNED.—A negro man was drowned in Neuse River, near Newbern, on Wednesday last, by the capsizing of a produce boat by a heavy flaw.

SPECIAL MENTION.—It is with more than ordinary interest that we invite the attention of our friends to the advertisement of the "GREAT HENDERSON CO. KY. SCHEME," which we give a prominent position in our columns to day. This is not one of the petty "gift" or "lottery" affairs which dishonest rascals so often attempt to palm off upon unsuspecting people, but a straight-forward and legitimate enterprise, with a regular charter from the Legislature of Kentucky, and the full approval of all prominent officials and leading citizens in the State. We do not believe, that any one so inclined, will ever have a more favorable opportunity to invest *five dollars* more satisfactorily than in this Scheme.

An Important Consideration.

Dr. Tutt's Liver Pills are PURELY VEGETABLE and are adapted to young and old, male and female, and may be taken at all times, without restraint of occupation, without change of living, without diet and without the fear of taking cold during all kinds of weather, and in all climates; THEY CONTAIN NO MERCURY.

For the Sentinel.

ALAMANCE COUNTY, }
March 17th, 1870. }

EDITOR OF THE SENTINEL:—Notwithstanding the recent howl of impotent rage from the Executive Mansion, and notwithstanding the presence of United States troops in our midst, we people of Alamance, of glorious memory, are pursuing our usual avocations with a composure and serenity that is truly astonishing and sublime.

It is understood here among us that the outside world, tutored through the columns of the N. C. *Standard*, is much excited and alarmed about the condition of Alamance. It is to correct this unfounded apprehension that I now address you. The county never was in a more quiet and orderly condition. The laws *are* enforced, the Governor's denial to the contrary notwithstanding, as effectively as they could be anywhere. In fact, no instance of resistance to lawful authority has occurred at any time. The citizens attend to their usual daily duties with a cheerfulness almost amounting to gayety that is really surprising considering the extent to which they have been misrepresented.

A New York Drummer who was recently among us stated that he came here with fear and trembling after reading the thundering Proclamation and telegraphic announcements that Gov. Holden had applied to the President for more troops to crush the insurrection. During his stay he saw nothing that savored of war, but found our people peaceful, industrious and energetic; and united in the general sneer of ridicule at the Governor's "tempest in a teapot."—To any person wishing to visit Alamance, but who questions the propriety or safety of doing so, I would like to make the same reply —— made to Tourgee's friend sent to enquire if he would be safe in holding Orange Court, "If you will come and not steal a mule, nor insult a woman, nor burn a barn, all will be well with you.—But if you commit any of these acts the "spirits of just men made perfect" will be invoked to hang you higher than they did Outlaw."

Had the Governor delayed his proclamation a few days longer, he would have had the pleasure of reciting in his specifications "Another man hung by Ku Klux in Alamance," an account of which appeared in the *standard* of t he 15th. The *facts* which are, that a violent and cruel negro who had repeatedly beaten his wife and actually hung one of his children, was taken from his house by a party of men, supposed to have been negroes, as some of them had been eye witnesses of his cruelty, and carried off. Although a rigid search has been instituted, no traces of him have been discovered. But for the fact that the day previous he had made his wife prepare him a month's rations, it is believed he has left the neighborhood.

A band of negroes, armed and disguised, recently visited in the night the houses of two peaceful men of their own color, took them from their beds and, to borrow the Governor's language, "cruelly beat and scourged them." Three of the band have been detected, arrested and committed to jail. Col. Wm A. Allbright, Superior Court Clerk, did actually hold one of them out, notwithstanding he knew the nature of his crime and the positive evidence against him; but subsequently fearing the fellow would run away, surrendered him to the Sheriff, and he is now safely in prison. These three have confessed that they belong to an organization regulated by stringent by-laws—that they whipped three negroes and intended subsequently to tell them they had been whipped by white men, and thus prevail upon them to join their order. After gaining sufficient members the object of the organization was, to use their own words, "to set the white people to rights."

I wish you would suggest the propriety of these two outrages being adopted as addenda to the Governor's Proclamation. He might easily attach them in the form of a codicil to the original paper without marring its symmetry or spoiling its beauty. Our troops are comfortably quartered at the county seat, and seem to be a clever, jovial set of fellows. They have shown no disposition to molest any one, either in the capacity of soldiers or as individuals.—Their commanding officer appears to be a gentleman and a soldier. It is hoped during their stay they will so deport themselves as to give our citizens, on the eve of their departure, an opportunity of presenting such complimentary resolutions as were recently adopted by the citizens of Chapel Hill on a similar occasion.

They are armed with the Springfield breech-loading rifle, which is said to be exactly similar in construction to the Prussian needle-gun. It is an elegant and most effective weapon.

The names of the immortal five who wrote to Holden and who are justly chargeable with all our troubles are in the possession of our people. It is sincerely to be hoped the ku klux will not molest them, but let them live to a green old age if possible, in order that they may feel for years to come the stings of conscience natural for men to feel who have committed a malignant and devilish deed.

Yours—
OMEGA.

The Responsibilities of the Liver,

The liver has a very important part to perform in the animal economy. Its function is two-fold. The fluid which it secretes tempers the blood and regulates the bowels, and upon the quantity and quality of the secretion depends, in a great degree, the adaptation of the blood to the requirements of the system and the due removal of the refuse matter wh ch remains in the intestines after the work of digestion has been accomplished.

One of the principal uses of Hostetter's Stomach Bitters is to tone and control this somewhat unruly organ. The antibilious properties of the preparation are scarcely secondary to its virtues as a stomachic. Its operation upon the liver is not violent like that of mercury, but gradual and gentle. Instead of creating a sudden tumult in that sensitive gland, it regulates its action by degrees. Hence, it is a *safe* remedy for bilious disorders, while mercury, being a tremendous exciant, is not. The more naturally and quietly a diseased organ can be restored to its normal condition the better, and it is the peculiar property of this harmless vegetable alterative to reinforce and regulate without exciting or convulsing.

The success which has attended its use as a remedy for affections of the liver is proverbial. Persons of a bilious habit who take it habitually as a protection against the attacks to which they are constitutionally liable, pronounce it the best liver tonic in existence. The symptoms of an approaching fit of biliousness can hardly be mistaken. A pain in the right side or under the shoulder blades a saffron tinge in the whites of the eyes, sick headache, a feeling of drowsiness, low spirits, loss of appetite, constipation and general debility are among the usual indications of a morbid condition of the liver, and as soon as they appear the Bitters should be resorted to in order to ward off more serious consequences.

A CLERGYMAN (REV. J. McMURRAY,) writing from Halifax, N. S., says, "Having suffered several years with throat affection, to which clergymen are especially subject, and having used various remedies, I have pleasure in giving my testimony as to the relief I have had in the discharge of my Sabbath labors from the use of "*Brown's Bronchial Troches*." They have been a great comfort. Others to whom I have recommended them have used them with advantage." For Coughs and Colds the Troches are equally effectious.

INBROGLIO IN VIRGINIA.—The difficulty in Richmond between the old military Mayor, Cahoon, and the newly elected Mayor, Mr. Ellyson, had not been adjusted up to the reception of our noon dispatches Saturday.

Both Mayors held Court on Saturday morning. The following is the dispatch received Saturday noon:

RICHMOND, March 19.—Ellyson's police arrested and disarmed a portion of the opposition police; the balance took refuge in the station house. At noon the second station house surrendered to Ellyson. The new officials have notice of a motion, on Wednesday, before Judge Underwood, for an injunction. Both Mayors held Court this morning. No disturbance to-day.—About thirty of Cahoon's adherents are shut up in station houses. Ellyson's force about 250 strong, have possession of the city.

LATER.

RICHMOND, VA, Mar. 19—Ellyson's police number about two hundred men besides an armed force of one hundred are held in reserve. There were two meetings of the citizens to-night at which it was resolved to volunteer to support Ellyson.

MUSICAL CONVENTION.—We are requested to state that the Convention will meet in the Chapel of the North Carolina Institution for the Deaf, Dumb and the Blind, on Tuesday night, March 22nd, at 8 o'clock, P. M. The Hotels and Boarding houses will accommodate delegates at reduced rates and the Raleigh and Gaston and North Carolina Railroads will pass those who may attend at *half fare*, upon the presentation of a certificate from the Secretary of the Convention, stating they have attended the sessions. All who take an interest in the cause of vocal and instrumental music are invited to attend and participate in the exercises of the Convention. Delegates, upon their arrival in the city, are requested to report their names at the book store of J. A. Jones, Esq.

We regret to learn that Maj. D. A Covington, died at his residence in Monroe on Monday night last. Mr. Covington was a prominent and useful man in that community for a number of years. For a long time he was Chairman of the County Court, and discharged the duties with ability and entire satisfaction. In '65-'66 he was Senator for Anson and Union, and his good sence, business talent and high integrity, gave him rank with the first in the body. He was a christian gentleman, kind and benevolent, and in his death the community sustain a great loss.—*Char. Times.*

Mr. Andrew Gill, a highly esteemed citizen of this place, was found dead in his bed, at the residence of Mr. Isaac Huggin, this morning. The deceased was 76 years of age, and had been in usual health until last evening, when he complained of having a chill retired to his room, and this morning was found as stated above.—*Wilson Plaindealer.*

SOUTHERN LIFE INSURANCE CO.
TO THE PEOPLE OF NORTH CAROLINA.

AT the request of General J. or B. Gordon, President Atlanta Department, I have come to your State to bring prominently before you the claims and merits of the Southern Life Insurance Company. It is under the control of as honorable and as responsible men as there are in the land. It is managed in the most prudent and economical manner and will deal justly and fairly with all.

We have no war to make upon other Insurance Companies, but we do wish to impress upon the people the importance of keeping their money at home by careful calculation in to what end this sum of not less than twelve millions (annually) is sent from the South to the North for Life Insurance and unless checked will surely prove RUINOUS to our interests. We ask you to consider how greatly the material interest of this section would be benefitted by the retention of these enormous sums in our midst.

We send no money away to enrich foreign capitalists but every dollar of premium (less expenses) is INVESTED IN THE STATE FROM WHENCE IT IS DERIVED.

This department of the Company has operated both in Georgia and South Carolina, and has done an unprecedentedly large business. Some of the most prominent gentlemen in these States are identified with its interest. Its Board of Directors embrace the names of the ablest financiers, and most successful business men in the South. They are the Trustees of the sacred fund of the widow and orphan. Will you not trust your friends and neighbors; or is it more secure in the hands of strangers? We appeal to you to assist us in pushing forward this deservedly popular and reliable Southern corporation. Its solvency is unsurpassed by any Company doing business in the United States, its ratio of assets to liabilities the *only true test of a Company's strength*, fully sustaining this statement.—We would respectfully call attention to the Board of Directors and Stockholders, published in another column, and to our Board of Reference in this State and others.

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of LIFE INSURANCE, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.

3d. Policies Non-forfeiting after the first payment.

4th. Policies indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

6th. 8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Pianos for Sale! Pianos for Sale.

MR. WILLIAM H. VAUGHAN, WELL known in our community as a Musician and Piano Tuner, is now appointed Agent for those splendid Seven Octave, fine Rose Wood Pianos, built by C. M. Tremaine & Bro. These Pianos will be warranted for six years, and Mr. Vaughan is here ready to keep the instrument in perfect tune, if it should need it. He has at this time one of the Pianos at his residence, on Cabarrus street, a little East of the N. C. R. R. Depot and would be glad to show it to any one who will call to see it.

These instruments took the premium at the Virginia State Fair, and without doubt are the [illegible]

Old Pianos taken in exchange for new ones, at a fair price. I am confident that I can sell cheaper than any body else, I beg of my own people in the State to give me a call before purchasing elsewhere.

Piano tuning and Repairing done at shortest notice. Can make an old Piano as good almost as new, for a very low sum.

Address,
W. H. VAUGHAN.
Dec 2-3m Raleigh.

IT WILL BE REMEMBERED THAT THE Messrs. Tremaine Bro's. took the first premium at the Virginia State Fair on their celebrated Pianos. These gentlemen fully understand their business, being thorough musicians themselves. Call at the store of E. VIA, 36, Fayetteville Street and examine one of the finest they have ever made.
